# CHUISUM TRACY HO

12531 SE 30th ST, Bellevue WA98005 | chuisum.ho@gmail.com | 206-673-0799

## Skills Summary

User Research | Wireframing and Prototyping | Information Architecture
Interaction Design | Visual Design | Usability Testing | Design Thinking
Problem-Solving | Collaboration | Adobe Creative Suite
Sketch | Figma

## Education

### BFA/Washington State University

Bachelor of Fine Art Specialized in Gallery shows, Oil paintings and Digital Art.

## Learning Experience

### UX/UI Design Bootcamp | Springboard

- Participated in an intensive bootcamp that covered a wide range of UX/UI design topics, including user research, information architecture, prototyping, and user testing.
- Completed hands-on projects and received feedback from industry experts to enhance skills in problem-solving, design thinking, and collaboration.
- Developed a comprehensive understanding of design tools and software such as Sketch, InVision, and Adobe Creative Suite.

### Online Courses in UX/UI Design | Udemy

- Enrolled in various online courses focused on UX/UI design, expanding knowledge in areas such as interaction design, visual design, and design psychology.
- Acquired practical skills through guided exercises, assignments, and real-world case studies, allowing for the application of design principles in diverse contexts.

### Advance UX/UI Design Program | CareerFoundry

- Completed a comprehensive and immersive UX/UI design program, gaining hands-on experience in the entire design process from research to implementation.
- Successfully completed a case study project, applying design thinking methodologies and best practices to deliver a high-fidelity prototype for a mobile application.
- Received mentorship and guidance from experienced industry professionals, further refining skills in critical thinking, problem-solving, and effective communication.

## *Scholarships | Certificates*

- John Lugwig Memorial scholarship | WSU
- UX Researcher Certificate | Udemy
- Intro & Immerse to UX Certificate | CareerFoundry
